CONSTRUCTION AND DETAIL

MARBLE TOP: ITALIAN MARBLE, 3CM IN THICKNESS

High-quality marble sourced from Italy is beautiful and elegant, whilst extremely hard-wearing and durable. The top is coated with a sealant making it resistant to spills and perfect for both outdoor and indoor use.

FRAME: SOLID KILN DRIED IROKO

Iroko is a hardwood and is chosen for its strength and extreme durability. It expands and contracts depending on the environment, which reduces the possibility of cracking or splintering. It is naturally resistant to decay and is commonly used in the marine industry as it can stand up to the elements year after year.
